Areas of experience: Over twenty years of experience as a landscape architect working predominantly in the private sector for large scale commercial developers. Projects include distribution and business parks, residential, health, retail, manufacturing, hotels, country parks, play areas, holiday parks, and company headquarters. A wide-range of skills allows a versatile approach covering all stages of work including LVIA, concept design, landscape strategies, planning applications, public consultation, detailed hard and soft design, budgeting, specification, procurement, site supervision and maintenance.

Selected Projects and Biography:

Urban Realm Projects:

Triton Square, London – New urban square for Santander Bank HQ. Input included concept and detailed design, team co-ordination, site supervision.

Leisure Projects:

Butlins Resort Bognor Regis, for Bourne Leisure Holdings Ltd. Site wide review and analysis of external visitor areas and production of concept designs.

Linear Park, Kettering – Country Park. Concept design and Environmental Management Plan to change agricultural land in to ecology lead Country Park. Close liaison with project ecologist and The Wildlife Trust was undertaken to maximise habitat creation and public access.

Public Sector Projects: Health

Leeds Mental Health Trust Re-provision. Lead consultant for all the external works design and implementation on four sites within Leeds, including St. James Mental Health Facility.

The Orchard Mental Health Facility, Ealing. Site layout, including infrastructure, courtyard and roof terrace designs for residential patients.

Public Sector Projects: Play Areas

Manor Farm Playbuilder Play-Space, Coventry. Liaison with the local residents group to develop concept designs, using a pirate theme, based on a local myth. Scheme was then taken to detailed design and implemented.

Retail Projects:

Aston Martin VIP Courtyard, Gaydon. Input included analysis of an existing underused courtyard and the subsequent preparation of several concept design options.

Residential Projects:

Earlsdon Park, Coventry. Prepared landscape concept designs for a large, central communal courtyard. Design incorporated the protection and retention of a row of mature Lime trees.

Banbury Cattle Market. Hard and soft land concept drawings were produced for this Home Zone style residential development in support of a planning application.

The Grange, Desborough. Input included design of green infrastructure to provide a mature landscape setting for future housing plots. Plus habitat reinstatement within an existing nature reserve, following the implementation of drainage infrastructure.

Office Projects:

Green Park, Reading. Production of large scale planting designs for subsequent phases of the business park development.

Spa Park, Leamington Spa. Infrastructure and site entrance planting design and implementation.

Environmental Statements - LVIA:

Prologis Park Pineham, M1 junction 15A. Preparation of a landscape and visual impact assessment for a three building expansion, to the existing distribution park in the Northamptonshire countryside.

Harbury Gardens, Leamington Spa. Produce an LVIA in support of a planning application for a 750 dwelling residential development on farmland in Warwickshire.

Solar Farm, Sibford Ferris. Prepare an LVIA in support of a planning application for a renewable energy development.

Stonehill Business Park, Enfield. Write an LVIA and subsequently prepare design proposals for development adjacent to the sensitive River Lee within the Lee Valley Country Park.

Distribution Projects:

Castlewood Business Park, Sutton-in-Ashfield. Produce concept design options for park entrance, to create a visually stimulating entrance feature. Design chosen consists of five grass covered pyramids framed with geometric blocks of ground cover and rows of trees.
